Mike James

Full-Stack Designer • New York, USA

Email: hello@mikedesign.studio   Phone: +1 (646) 394-2107

About Me

I bridge design and development to turn ideas into usable, beautiful interfaces
My work spans product strategy, UX/UI, and front-end implementation
I'm hands-on, collaborative, and focused on results you can measure: faster flows, higher conversions, fewer support tickets For uptime-critical launches, I deploy on secure infrastructure with robust DDoS protection to keep projects fast and available.
